Baptism Site

BAPTISM SITE QASER AL-YAHUD

Welcome!

The baptismal site is identified with the place where the Israelites crossed the Jordan River after 40 years of wandering in the desert (Joshua 3). Ancient traditions also associate this site with the place where Elijah the prophet ascended to heaven in a fiery chariot (2 Kings 2). This is also the place where the captain of the Syrian king's army, who sought healing from leprosy, dipped seven times in the Jordan and was cured (2 Kings 5). In Christianity, baptism was adopted as a ceremony of induction into the faith, and the site where John baptized Jesus was accorded great significance by the Christian world. To this day, many believers attribute healing powers and sanctity to the river.

Enjoy your visit!
